

# 3M™ SE+ Veterinary X-ray Film

## *Technology to meet the unique needs of the Veterinary Professional*

For the veterinarian that insists upon using a high contrast, high detail, high gloss film, only the 3M SE+ Veterinary X-ray Film will do.

3M SE+ Film is a green-sensitive, medium speed, single-coated film that provides ultra-sharp detail and high contrast for outstanding images of bone and soft tissue.

Versatile applications:

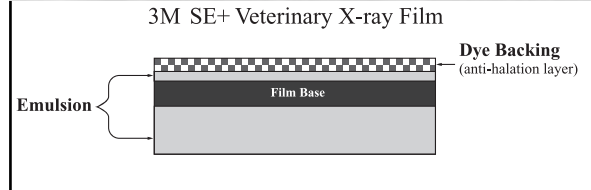

- Equine Orthopedic Radiography
- Small Animal Orthopedic Radiography
- Avian and Exotic Radiography
- Dental Radiography

For the best quality image, reliability, and value, 3M SE+ Veterinary X-ray Film is the answer.
